This policy governs international education, research, and outreach activities of the students, faculty, and staff of the University of Minnesota (University).

This policy affirms the commitment of the Board of Regents (Board) to foster international education, research, and outreach throughout the University community. The following principles shall guide international education, research, and outreach at the University:

- (a) In an interdependent world, the welfare of the state and the well-being of its citizens are linked to the welfare of all humankind.
- (b) Through international education, research, or outreach the University builds and extends its scholarly standing, its potential for research, its contributions to economies, and the education and skills of students and citizens of the state, the nation, and the world.
- (c) The University has a responsibility to incorporate into its community and curriculum international opportunities that provide students, faculty, and staff the understanding, skills, and knowledge necessary to be globally competent citizens of the state, the nation, and the world.
- (d) The University shall report annually to the Board of Regents on its progress in achieving these principles and ethical engagement around the globe.

The president or delegate shall maintain administrative policies and procedures that, in compliance with all applicable laws and regulations, effectively promote, encourage, and support a comprehensive approach to international education, research, and outreach that includes the following elements:

- (a)
